One form may be used for more than one letter of the same file as long as there is space. The Office Note should be in black ink. Write only on side of this form.

*Subject Letter no 969 dated 16th January 1903 from the Revenue Commissioner in Mysore forwarding letter no 674 dated 23d. December last, from the Dy Comr. Bangalore District, soliciting sanction to the acquisition of 5 acres of land out of Survey no 218 of Magadi Kasaba, for providing the Hindoo residents of that place with a new burial ground.

Note

A summary of the vernacular correspondence submitted with the Deputy Commissioner's letter is given below:—

The old Hindoo burial ground in Magadi known as Somannana Katte was closed about three years ago, and a new one was opened by Government instead.

2. The people of Magadi have been complaining to the Amildar as well as to the Deputy Commissioner, from the very commencement that the new site, which is on a higher level than the town of Mag. is very inconvenient, in asmuch as the soil is ~~extremely~~ hard and full of grave and stone so as to render the excavation of pits of sufficient depth and width, extremely difficult. There is no shade

on the spot and water is not available anywhere near it. Under such circumstances, the Amildar was directed by the Deputy Commissioner to select a fresh site for a burial ground. Accordingly a portion ~~of land~~ (5 acres) of the Survey No 218 measuring 25 acres and 1 gunta, situated in the Nagadi Kasaba was selected with the concurrence of the Municipal Commissioners.

3. The land now selected is in possession of one Gouramma who purchased it from one Ranganna some four years ago. She objects to part with ~~it~~ the portion required for a burial ground on the score that she bought it (its entire Survey) for Rs 600 and has been utilizing the produce of the field for the charitable purpose of Keeping Pravattiges during the car-festivals of Sri Ranganathaswami of Nagadi. The Amildar reports, however that the proposed site is one that is most suitable and says that it ~~is~~ is not possible to select another, equally good ~~one~~.

4 As to the amount of Compensation Viz 120 Rs or Rs 24 per acre, ~~the Municipality~~ cannot be met from any of the provisions of the budget for 1902-1903, The Amildar suggests that provision may be made for the same in the Revised Municipal Budget of Nagadi.

3

From the summary given above, it will be seen that the reason for selecting a new site for a burial ground is the unsuitability of the present ground, and that the Dy Commissioner's statement that the old one is completely filled up and no room is left for further burial, is unsupported by records. The Dy Commissioner says that the owner of the field proposed to be acquired is one Rangapapa, whereas the record shows that he has no right to the land, he having disposed of the same to one Gowramma, 41 years back.

Moreover the Dy Commissioner proposes to meet the expenditure from District Funds, instead of Municipal Funds of Nagamangala to which it is properly debitable.

May the above discrepancies be pointed out and the Dy Commissioner requested to pointed out the source in the current year's Municipal Budget from which the charge can be met.

Note.

Subject. Acquisition of 5 acre. of land out of Survey No.81c of Magadi ~~Kasba~~ Kaba for providing the Hindu residents of that place with new burial ground.

Why the present site which has not been completely used up, is deemed unsuitable does not appear clear from the correspondence

2. The owner seems to be one Hanumakka and not Ranganna as stated in the Deputy Commissioner's letter. The latter seems to be the nominal Khatedar while the former declines to part with this important slice of this Survey No.

3. The land seems to have been set apart for a charitable purpose and could it not be left alone, & some other site selected if the abandonment of the present one is deemed absolutely necessary in the interests of sanitation ?

4. The Deputy Commissioner in his capacity of President of the Municipalities in the District, overruled the Board's resolution and held in spite of the Amildar's reliance on the paucity of Muni: funds and on the precedent of the Chennapatam town, that the cost of acquisition should come, not from

from District Funds but from Local Funds. No references bearing on that precedent have been put up.

5. The Municipal Board next complained of delay in the passing of their Budget for 1902-03 and suggested that the cost of the acquisition of this land, probably Rs.120/- be met from the sum of Rs.340/- shewn in that Budget. What that item is and how it is proposed to utilize it is not clear.

6. ~~How the District Funds come in and~~ whether the L.F. Board are agreeable to the proposed payment of the compensation in question from these Funds, the papers before me do not show.

7. It has first to be settled (a) whether the present site should be abandoned (b) whether the proposed site should be acquired and (c) whether the cost of acquisition should be debited to the Municipal Funds or to Local Funds. It is after these questions are settled and the acquisition effected, that an alienation statement has to be dealt with in the Revenue Department. Hence my proposing a short order in my note of the 17th instant.

8. I agree that my draft is not self explanatory. I should have proposed a longer one if I had thought that the matter at its

its present stage was on for
decision by the Revenue Department.
In the revised draft points 1 to 6 attention may be drawn
~~may be seen~~ and the opinion of the
L.F. Board called for together
with the information required.

To,

Sir,

Adverting to your
dockets Nos 1376/1716-98 and 1720/1722-03 dated
the 16th March and 4th June 1903,
respectively, requesting certain information
in re the acquisition of 5 acres of land
out

out of No 218 of the Majadas Kasaba for providing the Hindoo residents of that place with a new burial ground, I have the honor to state as follows:—

(The paras are numbered to suit the queries put in the docket under reply)

(1) As there was no land set apart for burying the dead bodies till this question was raised in the Majadas Kasaba, the Hindoo residents of the place used to bury the corpses behind the Somamma Kattu and other places, which are very close to the Tirumalai village included within the Municipal boundary limits. As this practice was quite objectionable

on Sanitary principles. The then
Acting Amildar Mr Gulam Mahamed
Meccai selected in 1898 when plague
broke out in the Taluk a part of S.No
204 (Kharab land) with the consent of
the owner thereof named Ranja and
asked the inhabitants to use it for the
purpose. The people now complain
that this land is too rocky and very
much unsuited for the purpose, as they
can not Command either Shade or water
Conveniences, &c, quite essential near
burial grounds.

2 As regards the land Viz 5 acres
Selected out of S.No 218 it may (as well) be
abandoned, as the produce from this
land is given out as charity annually
to

to the Devinuda Kanyanatha's Warm temple in the Magedy Palath by the owner of land Goneramma (Kanyama being the Pattedar).

3. It is therefore proposed to acquire acres 35 guntas of land out of Sft. 215/1

The Hospital Assistant of the place and the Municipal members have all agreed to this proposal at a meeting held on the 18th June 1903 and state that the land is convenient for the Hindu residents of the place. The Compensation is fixed at Rs 50/ per acre by the Municipal members. This seems reasonable as the land acquired for the Muhamadan burial ground in the Magedy Kasaba

was also purchased at Rs 50/- per acre (vide Government Proceedings No 13197-8 / 27 & 28 dated 28th February 1903)

4. As the Municipality was and is not in a fit condition to defray the cost of compensation viz Rs 120/- fixed for the 5 acres of land out of S.No 218 originally intended, it was suggested by me that the same should be met from the District Funds. This office can not furnish any instances in which the District Funds bore such charges. The subject was since placed before the District Fund Board at a meeting held on the 11th May 1903 and it was resolved that the cost of

of acquiring the land for burial ground should be met from the Municipal Funds only, as it was solely for the use of the town people. A copy of the District Boards proceedings vide para 5 has already been sent with this office letter No 1446 dated the 18th June 1903.

(5) The Vice President proposed that the amount of Compensation as above, fixed for the land originally proposed to be acquired viz Rs 120/ may be met out of the amount of Rs 340 provided for by the Municipal board under the head "Collection Charges" in their budget

budget proposals for 1902-03. The undersigned could not agree to the proposal as it exceeded the rate allowed by Government Viz 5 per cent. The sum of Rs 103| calculated at this rate was accordingly pursued by me and sanctioned by Government. As the manuscript copy of the sanctioned Municipal budget for 1902-03 did not contain the particulars of expenditure under each head, this office seems to have waited for the receipt of the printed municipal budgets which were received in this office only in the month of October last

(b) The usual declaration

Statement

Statement is herewith, Sent and I request sanction for acquiring the same and alienating, it for the said purpose I, herein enclose a copy of the proceedings of the Municipal board for your information

(7) In conclusion, I now propose that the amount of Compensation Rs 2163-12-0 for 12 acres 35 guntas of land, which is now to be acquired may be met from the "Savings to be effected at the close of the current year out of the sanctioned budget amount" of the Mayoor Municipality
